### The Fishing Trip

Rafi held the fishing rods. His little sister Ameena climbed into the boat from the lake shore.

"The oars are too heavy for you," said Dad.

"I have an idea!" said Rafi. "You can sing, Ameena! Your singing will help us row smoothly!"

### Whale Watch

The big ship moved slowly over the waves.

"When will we see the whales?" asked Vong.

"Any time now," said Pa. "The captain told me the whales swim near that island over there!"
